## SESSION SUCCESS

Bring a variety of clothing from which we can choose and make recommendations. Remember to bring all accessories for each outfit: jewelry, socks, and shoes. Props (sports gear, musical instruments, trophies, sunglasses, jackets, etc.) are fun additions to any portrait. Music helps people relax, so bring your own CDs if you like!

**Girls:** Please apply your makeup and style your hair before you arrive. We suggest that you bring some touch-up makeup and hair product to keep you looking fresh, especially if you choose a multi-outfit session. You will sit in many poses, so avoid tight or clingy clothing. Matte make-up is best to avoid shine. Because your hands and feet will show in many poses, well manicured hands are a must!

**Boys:** Time your haircut so the length will be just right on photo day. We also suggest a fresh shave.

*Parents are welcome, or you can have a friend come along to bring out that natural smile.*

**Clothing**

The real focal point of any portrait is the face. Let your wardrobe enhance your portrait – not overpower it – so avoid clothing with large prints, stripes, or patterns. Keep it simple.

**Eyeglasses**

Glasses often produce unwanted highlights. We are able to work around some of the reflective difficulties, but the following suggestions will produce the best results in your portrait:

- Have your optician remove the lenses from your glasses for your sitting – or –
- Borrow a frame without lenses from your optician
